

Extraordinary Enhancements for your CRM Solutions

intelli-CTi™ for Microsoft Dynamics CRM

**Telephony integration
for power dialing,
inbound call recognition
and improved
productivity**

intelli-CTi – Connect your CRM system and telephone system with intelli-CTi to build valuable Business Intelligence. Deliver increased productivity, improved reporting and enhanced activity management through direct dialing from your desktop and call recognition (screen-pop) on inbound calls to directly connect your phone activity to your contact records in your CRM system.

Paribus™ for Microsoft Dynamics CRM

**Intelligent data
matching for data
consolidation, systems
integration and
deduplication**

Paribus - Paribus identifies matching and duplicate information within your database – or between different data sources – when importing, integrating or finding and removing duplicate records. Maximize your sales and marketing effectiveness and reduce sales and marketing costs by using Paribus to eliminate duplicates quickly and easily.

Paribus *interactive*™ for Microsoft Dynamics CRM

**Sophisticated fuzzy
checking engine for
intelligently searching
your CRM entities**

Paribus *interactive* - A simple, yet elegant solution for intelligently searching your Dynamics CRM application for the information you need. A configurable search engine providing the ability to quickly and easily search across multiple CRM entities (Accounts, Contacts, Leads and other custom entities) in one single step.

CRMMigrate™ for Microsoft Dynamics CRM

**Simple, straightforward
data migration from
Salesforce.com
into Microsoft Dynamics
CRM**

CRMMigrate is a user-friendly application for the migration of data from Salesforce.com or Goldmine to Microsoft Dynamics CRM 2011 or 4.0. Easy to use, it provides a powerful, robust and intuitive CRM migration tool to minimize the time and effort needed to get all your data from your old system into your new

About QGate

QGate is a customer focused CRM solution provider and professional services company providing you with effective solutions and complementary add-ons to increase your return on investments.

With more than 12 years as CRM, business intelligence and data specialists implementing Microsoft Dynamics CRM and QlikView, and with a market-busting customer retention rate, QGate have a proven record of helping companies of all types transform their business.

QGate CRM Consultancy

QGate's CRM consultancy and services enable successful CRM because they help you assume control of the CRM system you want to achieve your strategic business plans. From requirements gathering to ongoing implementation reviews, QGate work with you to define how your company will use CRM and how you will drive adoption and use in your business.

Successful CRM liberates organisations and makes them highly efficient – QGate works with you to help you succeed.

Our Approach

You've got a lot riding on the successful implementation of your solution. We do, too. At QGate, we use the proven processes, tools, and guidance in Microsoft Dynamics® Sure Step Methodology to help deliver successful implementations.

We use Microsoft Dynamics Sure Step to help ensure your implementation is a success. Sure Step helps us deliver a predictable, on-time and on-budget Microsoft Dynamics implementation that can provide you a quick return on investment, meet your business requirements, and help you be poised to meet future needs as your company evolves.

We apply this approach to both complete customer solutions and our ISV developments and enhancements.
