Headquartered in Norcross, GA, U.S. Kids Golf manufactures children's golf equipment with sales in more than 40 countries. The company also provides golf instructions and organizes youth competitions worldwide.

"We've integrated Sage SalesLogix with our MAS 200 accounting system and now we can track everything from invoicing to sales preferences, all in one easy-to-access location. When outbound salespeople go to make a call, for instance, they know if the customer spoke with shipping or accounting the day before, and how any issues were resolved. It only took one hour of training before our team was comfortable using Sage SalesLogix. These aren't technical people, yet they were not intimidated by the software. This speaks very well for the program."

Candy Cady, Director of Systems
U.S. Kids Golf
