

Unlock the potential of selling more to your clients with Rapid Dynamics Sales CRM.

Rapid Dynamics is a subscription-based Sales CRM built on Microsoft Dynamics 365 available from QGate that can be implemented for your clients in just a few days and at no upfront cost. It is a simple, easy-to-use version of Microsoft Dynamics Sales CRM that's future-proof and customizable.

Why Rapid Dynamics?

Differentiation from Standard Microsoft Dynamics CRM: No need for extensive consultation or mapping.

Discover a CRM designed to scale with your business: Start small and grow fast without sacrificing rich features, advanced technology and the developing Al world.

Fund with operational budget, not capital: Don't let budget be a barrier to technology growth.

Avoid future costly IT migrations: Switching from a basic CRM solution to a more scalable CRM platform can be a significant challenge and investment to any business. Choose a solution that scales with you from the start.

Get Al Ready: We need to organise, control, secure and protect our data. Position your business to be able to benefit from Al efficiently and effectively.

Benefits for your sales and marketing teams

Effortless Lead Management: Generate and add new leads, contacts, customer accounts and invoices, seamlessly.

Intuitive Deal Tracking: Monitor sales progress through a simple 6-stage deal-flow from Enquiry to Closed Won.

Visual Dashboards: Customize visual dashboards for each user to gain insights into pipeline stages.

Unified Communication Hub: Track and store all emails and communication in one view for easy reference.

Activity Monitoring: Update and monitor activities aligned with contact calls, meetings, tasks, and marketing campaigns.

Pricing starts at £295 per month and as a QGate Partner you can earn rebates on every new client.
